Sleep

Last term the children took a survey on mental well being and the results revealed that quite a few children feel they are not sleeping well. This could be due to children using devices before they go to bed. It is recommended that children do not use devices for at least an hour before they go to bed and don't take them to bed!

HASP BOOKS

These are the main form of communication between school and home. Please ensure that your child brings in their HASP book every day.

Thank you
